Hi Allie

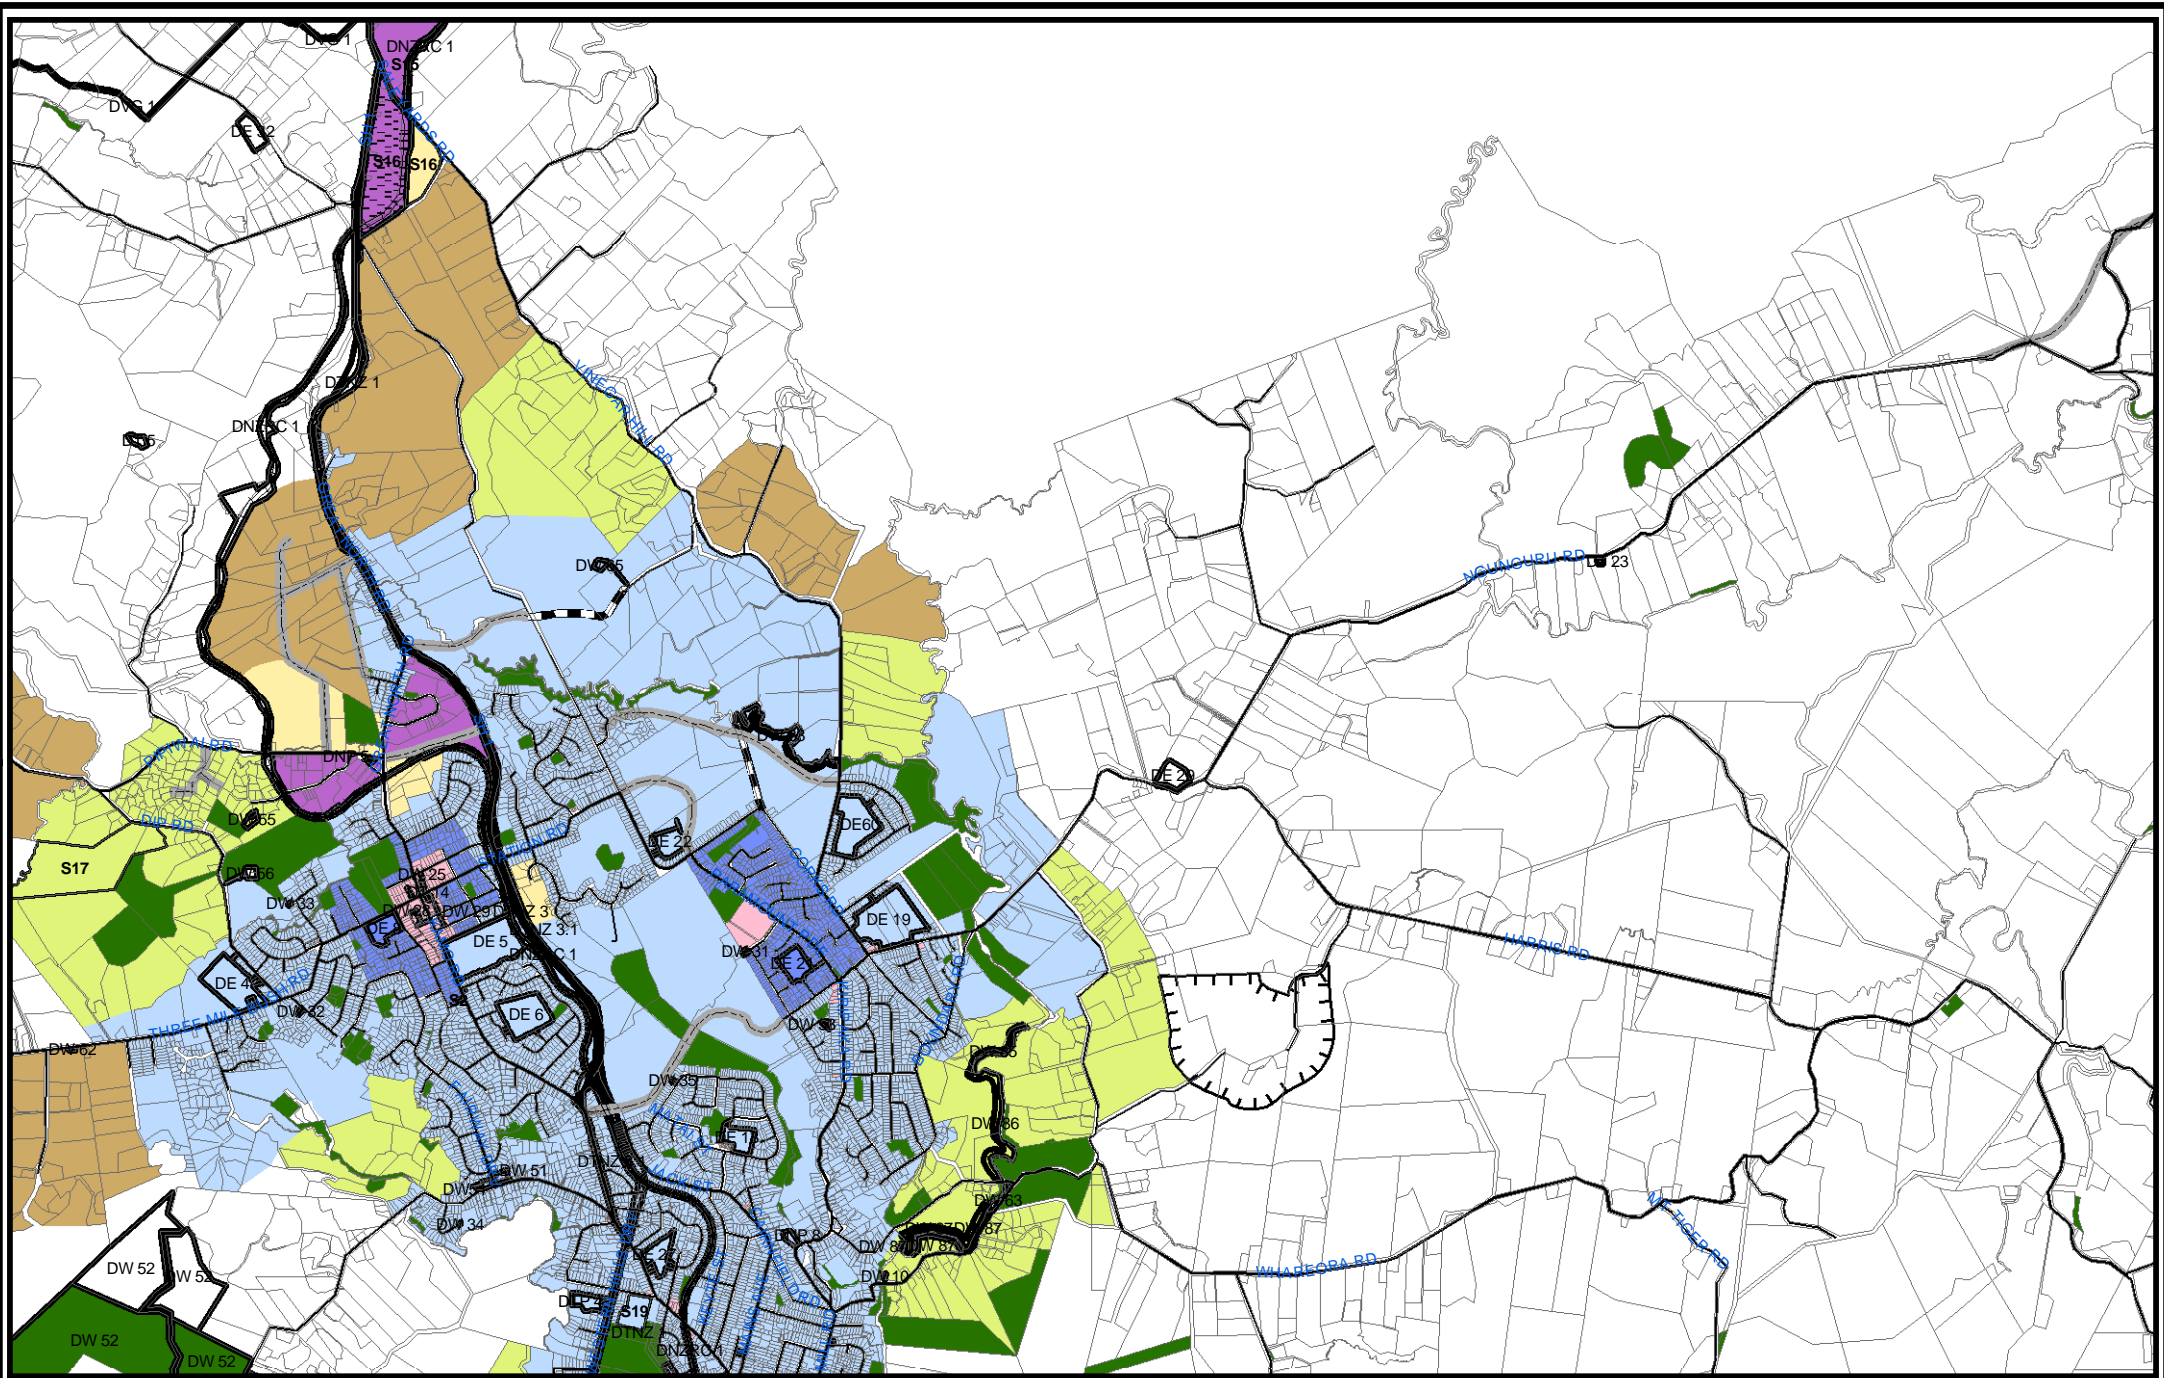

Further to our submission please find attached a, "Tikipunga Structure Plan", map proposal from 2009 which then identified our property at 65 Ngunguru Road for living environment re-zoning.

We wish to present this as part of our submission at our hearing.

Previous inquiries regarding re-zoning of the said property to the Whangarei District Council are consistent with this structure plan map and that our property had been identified for re-zoning.

In the latest proposal this property is no longer identified for re-zoning.

Kind Regards  
Karen Jones and Glen Pattison

**TIKIPUNGA Structure Plan**  
 Adopted 11 February 2009
