Dear Sirs

RE: PRE-CIRCULATED EVIDENCE OF BRETT HOOD ON BEHALF OF REYBURN AND BRYANT AND ZODIAC HOLDINGS LTD

1. On 23 June 2017 I filed the evidence on behalf of Reyburn and Bryant and Zodiac Holdings Ltd.
2. At the subsequent hearing, the question was raised of whether it was appropriate for me to provide expert evidence on behalf of Reyburn and Bryant 1999 Ltd (a company in which I am a director).
3. To resolve the matter, I have attached amended evidence in chief filed on behalf of Zodiac Holdings Ltd only (consistent with the submission lodged by them). The previous pre-circulated evidence filed on behalf of both parties is now formally withdrawn.
4. The residual matters not covered by the ZHL submission and evidence are included in a separate document filed on behalf of Reyburn and Bryant. This separate document is provided to assist the Commissioners, but not under the guise of it being expert evidence.
5. The evidence summary presented at the hearing is attached as requested in so far as it relates to ZHL. A separate summary statement is attached covering matters specific to the R&B submission.
6. Finally, please note that the omitted information relating to the Auckland Council Independent Hearings Panel recommendations in respect to in-situ environmental benefit subdivision is now included with the replacement Reyburn and Bryant statement.

Yours faithfully

Brett Hood
Director
