Olivia Wai Yee ~~Lee~~ 183 Sandford Road
Pukaka

I Olivia Loo endorse my neighbours. I would like the hearing panel to hear the voice of the landowner. How they would like to and want their land to be viewed in the future.

I am a Owner of 183 Sandford and my land is situated with gentle slope hill and with beautiful Coastal Sea Views of Beam Bay and Whangarei Heads. I support having neighbours and for this area to be included in the PC86B.

I want to be involved in a community but I want to protect my house. This is why I want large sections but I want many people to enjoy. My neighbour is a farmer but just because we have a couple of farms on the road, we should be able to have a community.

I would like to have Sandford Road as PC86B. living environment. To be like example Cambridge - St Kilda. To keep the countryside and nature of the area but be able to form a Coastal Community encouraging professional people - families who all enjoy the sea views and freedom.

of the land. To garden with the views I want to have space for my neighbours but would like to protect my land by having smaller blocks but do endorse my neighbours having 1500sq with covenants protects me but allows me to have neighbours.
