Reporting officer Mike Henehan (Bylaw Co-ordinator)

Date 18 August 2011

Vision, mission and values

Creating the Ultimate Living Environment.

Local Government Act 2002 – The four well-beings

Cultural No direct link.

Economic There is a considerable cost to the community from crime committed as the result of alcohol abuse.

Environmental No direct link

Social Misuse of alcohol can give rise to anti social behaviour and loss of health and well being affecting both communities and individuals

Whangarei Police have approached Council and requested a further liquor ban area at Otuihau; Whangarei Falls be included in the proposed bylaw.

As per the attached email, Sergeant Stephen Duckmanton of the Kamo Police states that this location, which is a popular tourist destination, is a high risk area with theft ex cars and robberies occurring here. Tourists are invariably the victims of these crimes.

Also attached is a map and description of the area to be included as Schedule 13 in the proposed bylaw.

Mike

Can we include the Whangarei Falls area as outlined below in the Liquor Ban submissions please.

As highlighted in the intial submissions for the liquor bans, there has been a shift for groups of "young person" to congregate in the outlying suburban areas, drinking liquor and creating disorder.

This is a high risk tourist attraction area, theft ex cars and robberies have occurred of tourists at this location.

Very high profile area and with the World Cup approaching this will be a high risk area for tourists visiting.

Local Kuia Emma CRIBB supports this ban as she has first hand knowledge of the disorder occuring at the location.

The local Tikipunga Pride group also supports the liquor ban requests.
