INTRODUCTION

A Local Governance Statement is a collection of information about the processes through which the community can engage with Whangarei District Council ("Council"), how Council makes decisions and how citizens can influence those processes. It helps support the purpose of local government by promoting local democracy.

FUNCTIONS, RESPONSIBILITIES AND ACTIVITIES

The purpose of local government, as defined in the Local Government Act 2002, is to enable democratic local decision-making to meet the current and future needs of communities for good quality local infrastructure, local public services and performance of regulatory functions in a way that is most cost effective for households and businesses.

The Local Government Act 2002

The purpose of the Local Government Act 2002 is to provide for democratic and effective local government that recognises the diversity of New Zealand Communities. It also provides a framework and powers for local authorities to decide which activities they undertake and the manner in which they will undertake them. The Act promotes the accountability of local authorities to its communities and provides for local authorities to play a broad role in meeting the current and future needs of their communities for good-quality local infrastructure, local public services, and performance of regulatory functions.

In meeting this purpose, Council exercises powers and fulfils responsibilities conferred on it by the legislation outlined in Appendix A, the most prominent being:

- Local Government Act 2002 and 1974
- Local Government (Rating Act) 2002
- Resource Management Act 1991
- Local Government Official Information and Meetings Act 1987
- Building Act 2004
- Local Electoral Act 2001.

In addition to the legislation that applies to all local authorities, Council is also bound by local legislation (Acts that apply specifically to it). A list of these Acts is attached at Appendix B.

ELECTORAL SYSTEMS

Council currently operates its elections under the first past the post electoral system. This form of voting is also used in parliamentary elections to elect Members of Parliament to constituency seats. Electors vote by indicating their preferred candidate(s), and the candidate(s) that receives the most votes is declared the winner regardless of the proportion of votes that candidate(s) obtained.

The other option permitted under the Local Electoral Act 2001 is the single transferable vote (STV) system. This system is used in the District Health Board elections. Electors rank candidates in order of preference. The number of votes required for a candidate to be elected (called the quota) depends on the number of positions to be filled and the number of valid votes. The necessary number of candidates to fill all vacancies is achieved first by the counting of first preferences then by a transfer of a proportion of votes received by any candidate where the number of votes for that candidate is in excess of the quota, and then by the exclusion of the lowest polling candidates and the transfer of these votes in accordance with voters' second preferences.

Under the Local Electoral Act 2001 Council can resolve to change the electoral system to be used at the next two elections or conduct a binding poll on the question, or electors can demand a binding poll. Once changed, an electoral system must be used for at least the next two triennial general elections, i.e. Council cannot change the electoral system for one election and then change back for the next election.

In 2014 Council reviewed the way it holds elections and decided to retain the first past the post system for the 2016 triennial local body elections. This will be reviewed again in 2017.

REPRESENTATION ARRANGEMENTS

Council is required to review its representation arrangements at least once every six years. This review must include the following:

- the number of elected members (within the legal requirement to have a minimum of six and a maximum of 30 members, including the Mayor)
- whether the elected members (other than the Mayor) shall be elected by the entire district, or whether the district will be divided into wards for electoral purposes, or whether there will be a mix of 'at large' and 'ward' representation
- if election by wards is preferred, then the boundaries and names of those wards and the number of members that will represent each ward
- whether or not to have separate wards for electors on the Maori roll
- whether to have community boards and if so how many, their boundaries and membership and whether to subdivide a community for electoral purposes.

Council must follow the procedure set out in the Local Electoral Act 2001 when conducting this review, and should also follow guidelines published by the Local Government Commission. Through that process you can make a written submission to Council, and you have the right to be heard if you wish.

If you make a submission you also have the right to appeal any decisions on the above to the Local Government Commission which will make a binding decision on the appeal. Further details on the matters that Council must consider in reviewing its membership and basis of election can be found in the Local Electoral Act 2001.

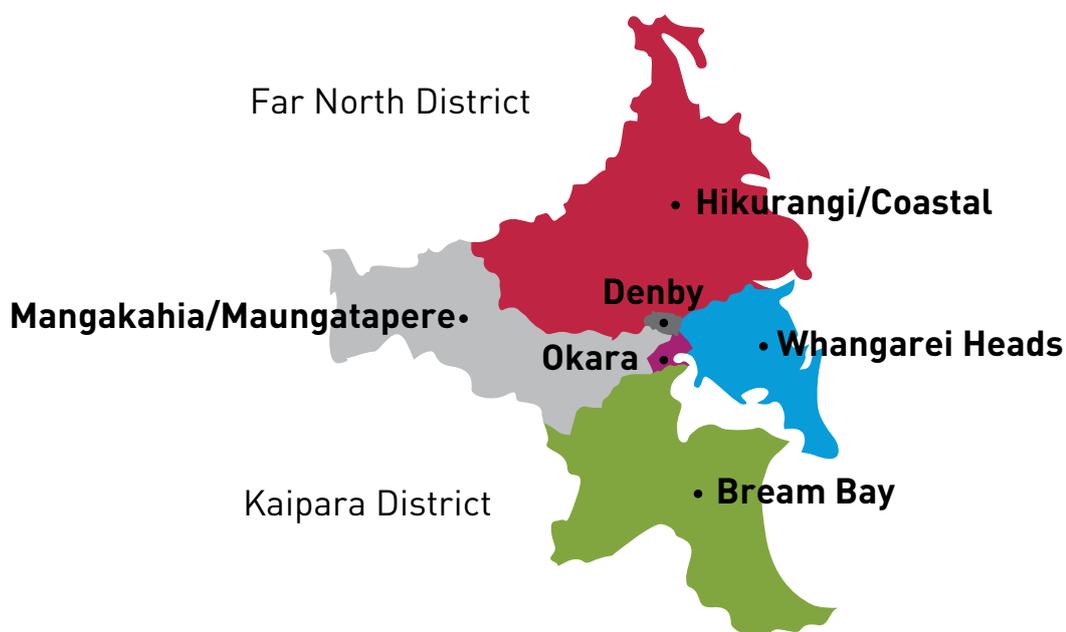

Council last conducted a review and decided on the current arrangements in 2012. It is not legally required to review representation again until 2018.

Current Arrangements

Council has resolved that the present system of being elected by wards had the most merit and resulted in a fairer spread of representatives thereby providing the most fair and effective representation for individuals and communities within the district.

The Whangarei District has thirteen councillors, plus the Mayor with the District divided into six wards. The map below shows boundaries and populations of these wards as at 30 June 2016.

WARD	POPULATION	CURRENT MEMBERS	POPULATION PER COUNCILLOR
 Mangakahia-Maungatapere	6,190	1	6,190
 Hikurangi-Coastal	12,950	2	6,475
 Whangarei Heads	6,790	1	6,790
 Denby	20,900	3	6,966
 Okara	27,700	4	6,925
 Bream Bay	13,100	2	6,550

Maori Wards and Constituencies

The Local Electoral Act 2001 also gives Council the ability to establish separate wards for Maori electors. Council may decide to create separate Maori wards or conduct a poll on the matter, or the community may demand a poll. The demand for a poll can be initiated by a petition signed by 5 per cent of electors within the district.

Council last had an opportunity to consider whether or not to have separate Maori wards in 2014, and may consider this again in 2017.

Community Boards

Community boards are constituted under the Local Government Act 2002 to:

- represent and act as an advocate for the interests of their community
- consider and report on any matter referred to it by Council and any issues of concern to the community board
- make an annual submission to Council on expenditure in the community
- maintain an overview of services provided by Council within the community
- communicate with community organisations and special interest groups in the community
- undertake any other responsibilities delegated by Council.

Council decided in 2012 to retain the current arrangements of a six ward framework with no community boards.

THE REORGANISATION PROCESS

The Local Government Act 2002 sets out procedures which must be followed during proposals to:

- make changes to the boundaries of the district
- create a new district or dissolve a current district
- create a unitary authority, i.e. combine all of the functions of the Northland Regional Council and Whangarei District Council
- transfer a particular function or functions to another council.

The procedures for each type of proposal are slightly different. In general a reorganisation application is made to the Local Government Commission and can be made by any person, body or group including, but not limited to, one or more affected local authorities or the Minister of Local Government. The Local Government Act 2002, details at Schedule 3 the requirements and process for a reorganisation proposal. The Local Government Commission will also have information on procedures for local government reorganisation.

ROLES AND CONDUCT

Roles of the Mayor, Deputy Mayor and Councillors

The Mayor and councillors of Council have the following roles:

- setting the policy direction of Council
- monitoring the performance of Council
- representing the interests of the District (on election all members must make a declaration that they will perform their duties faithfully and impartially, and according to their best skill and judgment in the best interests of the District)
- employing the Chief Executive Officer (under the Local Government Act the local authority employs the Chief Executive Officer, who in turn employs all other staff on its behalf)

The Mayor is elected by the District as a whole and as one of the elected members shares the same responsibilities as other members of Council. In addition the Mayor has the following roles:

- presiding member at Council meetings. The Mayor is responsible for ensuring the orderly conduct of business during meetings
- advocate on behalf of the community. This role may involve promoting the community and representing its interests. Such advocacy will be most effective where it is carried out with the knowledge and support of Council
- ceremonial head of Council
- Providing leadership to the other elected members of Council and to the people in the Whangarei District
- Lead the development of Council's plans (including the long-term plan and annual plan), policies and budgets for consideration by the elected members of Council.
- To appoint the Deputy Mayor and the Chairpersons of Committees if he/she so chooses to exercise this power
- To establish committees of Council if he/she so chooses to exercise this power.
- Sits as a member of each Committee of Council.

The Deputy Mayor is either appointed by the Mayor, if that power is exercised, or elected by the members of Council at the first meeting of Council. The Deputy Mayor exercises the same roles as other elected members. In addition, if the Mayor is absent or incapacitated, or if the office of Mayor is vacant, then the Deputy Mayor must perform all of the responsibilities and duties, and may exercise the powers of the Mayor (except the power to appoint the deputy mayor, committee chairpersons or establish committees). The Deputy Mayor may be removed from office by resolution of Council.

The Mayor has the power to establish one or more committees of Council and appoint the chairperson. If he or she does not choose to exercise this power Council may establish committees of Council and elect the chairperson. A committee chairperson is responsible for presiding over meetings of the committee, ensuring that the committee acts within the powers delegated by council, and as set out in Council's Delegations Manual. A committee chairperson may be removed from the position by resolution of Council.

Role of the Chief Executive

The Chief Executive is appointed by Council in accordance with the Local Government Act 2002. The Chief Executive implements and manages Council's policies and objectives within the budgetary constraints established by Council. The responsibilities of the Chief Executive are:

- implementing the decisions of Council
- providing advice to Council and community boards, if any
- ensuring that all responsibilities, duties and powers delegated to the Chief Executive or to any person employed by the Chief Executive, or imposed or conferred by any Act, regulation or bylaw are properly performed or exercised
- managing the activities of Council effectively and efficiently
- maintaining systems to enable effective planning and accurate reporting of the financial and service performance of Council
- providing leadership for the staff of Council
- employing staff (including negotiation of the terms of employment for the staff).

Conduct

Elected members have specific obligations as to their conduct in the following legislation:

- Schedule 7 of the Local Government Act 2002, which includes obligations to act as a good employer in respect of the Chief Executive Officer and to abide by the current code of conduct and standing orders
- the Local Authorities (Members' Interests) Act 1968 which regulates the conduct of elected members in situations where there is, or could be, a conflict of interest between their duties as an elected member and their financial interests (either direct or indirect)
- the Secret Commissions Act 1910, which prohibits elected members from accepting gifts or rewards which could be seen to sway them to perform their duties in a particular way
- the Crimes Act 1961 regarding the acceptance of gifts for acting in a certain way and the use of official information for private profit.

All elected members are required to adhere to a code of conduct. Adopting such a code is a requirement of the Local Government Act 2002. Once adopted such a code may only be amended by a 75% or more vote of Council. The code sets out Council's understanding and expectations of how the Mayor and councillors will relate to one another, to staff, to the media and to the general public in the course of their duties. It also covers disclosure of information that is received by or is in the possession of elected members, and contains details of the sanctions that Council may impose if an individual breaches the code.

Council adopted a code of conduct in 2013 and this will be reviewed again in 2017. Copies of the full code of conduct may be obtained from Council or from our website at www.wdc.govt.nz.

GOVERNANCE STRUCTURES

Council reviews its committee structures after each triennial election. At the last review Council established four standing committees which meet monthly. These committees are:

- Planning and Development Committee
- Finance and Corporate Committee
- Infrastructure Committee
- Community Development Committee

The Mayor and all councillors are members of each standing committee.

Council also has a number of additional committees and sub-committees established for other purposes. These include:

- Chief Executive Review Committee
- Civic Honours Selection Committee
- District Licensing Committee
- Community Funding Committee
- Audit and Risk Committee
- Airport Noise Management Consultative Committee
- Exemptions and Objections Subcommittee

Full details of all committees, including their terms of reference, membership and meeting arrangements can be found at www.wdc.govt.nz.

DELEGATIONS

The Local Government Act 2002 provides that Council may delegate, to a committee or other subordinate decision-making body, community board, or member or officer of Council, any of its responsibilities, duties or powers except:

- the power to make a rate or bylaw
- the power to borrow money, or purchase or dispose of assets, other than in accordance with the long-term plan
- the power to adopt a long-term plan, annual plan or annual report
- the power to appoint a chief executive officer
- the power to adopt policies required to be adopted and consulted on under the Act in association with the long-term plan or developed for the purpose of the local governance statement: or
- the power to adopt a remuneration and employment policy

Council adopted delegations to the committees in late 2016. These are available on our website at www.wdc.govt.nz

CONDUCT OF MEETINGS

The legal requirements for Council meetings are set down in the Local Government Act 2002 and the Local Government Official Information and Meetings Act 1987 (LGOIMA).

All Council and committee meetings must be open to the public unless there is reason to consider an item confidentiality. Although meetings are open to the public, members of the public do not have speaking rights unless prior arrangements are made with Council. The LGOIMA contains a list of the circumstances where councils may consider items with the public excluded (these circumstances generally relate to protection of personal privacy, legally privileged or commercially sensitive information, and the maintenance of public health, safety and order). The Council agenda is a public document, although parts may be withheld if the above circumstances apply.

The Mayor or committee chairperson is responsible for maintaining order at meetings and may, at his or her discretion, order the removal of any member of the public for disorderly conduct, or remove any member of Council who does not comply with standing orders.

Minutes of meetings must be kept as evidence of the proceedings of the meeting. These must be made publicly available, subject to the provisions of the LGOIMA.

For an ordinary meeting of council, at least 14 days notice of the time and place of the meeting must be given. Extraordinary meetings generally can be called on 3 working days notice.

During meetings the Mayor and councillors must follow standing orders (a set of procedures for conducting meetings). Council may suspend standing orders by a vote of 75% of the members present. Council adopted new standing orders in late 2016. For more information on Standing Orders contact the Governance Manager.

CONSULTATION

The legislation under which Council works places a very strong emphasis on being aware of, and considering, community views and preferences during its decision-making processes.

Council provides a number of opportunities for the public to participate in its decision-making processes. One of the most important is through the Long Term Plan consultation process – when Council may seek feedback from the public on Council priorities, services, income and expenditure, and funding tools. Other formal opportunities to participate include District Plan Changes, bylaw reviews and reserve management plan reviews as well as various other opportunities which are not required by law.

The significance of a matter will also guide Council's decisions concerning the extent and nature of consultation to be undertaken with persons likely to be affected by, or interested in, the decision or matter.

Council must comply with section 82 of the Local Government Act 2002 principles of consultation in a manner it considers appropriate. In determining what is appropriate Council must have regard to the nature and significance of the matter, including its likely impact from the perspective of persons who may be affected. The more significant a matter from the perspective of persons who may be affected, the more likely Council will need to consult with them on their views. More detail on the determination of significance can be found in Council's Significance and Engagement Policy at www.wdc.govt.nz.

The public can also contact the Mayor, councillors and staff throughout the year if they have matters they would like to discuss.

Information on current and upcoming consultation processes can be found at www.wdc.govt.nz.

Special Consultative Procedure

When making certain types of decisions, Council must follow what is called the 'Special Consultative Procedure'. For example, it must use this procedure when it is adopting or amending a Long Term Plan, adopting, revoking, reviewing or amending a bylaw. The procedure provides for the minimum consultation requirements and Council can also use it for other decision-making processes if it so wishes.

The Special Consultative Procedure involves:

- preparing a description of the proposal (a statement of proposal) and, if Council considers it necessary, a summary of that proposal
- making the proposal available to the public (at a minimum at Council offices)
- publicly notifying the proposal and the consultation being carried out on it
- inviting submissions for at least one month
- hearing submitters who request to be heard
- councillors deliberating at a Council meeting on the submissions received
- providing a copy of the Council's decisions as a result of the submissions process.

Council may be required to use the special consultative procedure under other legislation, and it may use this procedure in other circumstances if it wishes to do so.

Consultation and Liaison with Maori

Council recognises its obligations under the Local Government Act 2002 to establish and maintain processes to provide opportunities for Maori to contribute to its decision making processes and make information available to Maori for this purpose. The 2015 – 2025 Long Term Plan (LTP) has identified a pathway forward to improve and enhance current and future relationships between Council and Maori. The LTP can be found under "Plans" on our website at www.wdc.govt.nz.

Council has entered into the following agreements/ MOU's with hapu and iwi :

REQUESTS FOR OFFICIAL INFORMATION

Under the Local Government Official Information and Meetings Act 1987 (LGOIMA) any person may request information from Council. Any request for information is a request made under LGOIMA. You do not have to say you are making a request under LGOIMA.

Once a request is made Council must supply the information unless reason exists for withholding it. The LGOIMA provides reasons for withholding information, for example, if the release of the information would:

- endanger the safety of any person
- prejudice maintenance of the law
