

## CHALLENGE 18

# Me and My Shadow

*On Sunny days, your shadow is always with you, but it does look different depending on the time of the day.*

### Creepin' Critter

What kind of creature can you make with your body's shadow? You can grab bits and pieces to help you make a crazy critter shadow to photograph.

### Monsters Everywhere!

Now have a look and see what shadowy monsters are dwelling at the beach, park or bush.

### Shadow Giants

Always wanted to be taller? When the sun is low in the sky, get a photo of you with loooooong legs!

### Monster Reflections

On a still day, make some monster reflections using your arm or a stick decorated with wild materials overlooking the water.

*Experiment with shadows of your whole body (or just your hands) on tree trunks, on the ground.*
