

# Minister of Education

## Explanatory Note

Within the Minister of Education Chapter “Education Purposes” means activities which:

- i. *Enable the use of the facilities on the site by and for the educational benefit of any school age students (Years 0-13) and early childhood children regardless of whether they are enrolled at the institution located on the site.*
- ii. *Enable the provision of supervised care and study opportunities for students outside school hours in school facilities.*
- iii. *Enable the provision of community education (e.g. night classes for adults) outside school hours in school facilities.*
- iv. *Include but not be limited to the provision of academic, sporting, social and cultural education including through:*
  - *Formal and informal recreational, sporting and outdoor activities and competitions whether carried out during or outside school hours;*
  - *Formal and informal cultural activities and competitions whether carried out during or outside school hours;*
  - *The provision of specialist hubs and units (including language immersion units and teen parenting units) for children with particular educational requirements or special needs.*
- v. *Enable the use of facilities for purposes associated with the education of students including school assemblies, functions, fairs and other gatherings whether carried out during or outside school hours.*
- vi. *Enable the provision of associated administrative services; car parking and manoeuvring; and health, social services and medical services (including dental clinics and sick bays).*
- vii. *Enable housing on site for staff members whose responsibilities require them to live on site (e.g. school caretakers) and their families.*

# Minister of Education

Designation hierarchy under section 177 of the Resource Management Act 1991 Primary

Conditions

1. Any new building or external building alteration (excluding goal posts and similar structures) shall comply with the height in relation to boundary controls for any adjoining land zoned primarily for a residential purpose, Rural Living Environment, Rural Village Environment or is zoned for an open space/outdoor recreation purpose.

2. The noise (rating) level arising from the operation of the school must comply with the following noise levels when measured within the boundary of any residentially zoned site, a Rural Village Environment site, a Rural Living site or within the notional boundary of any site in the Rural Countryside Environment:

- a. Monday to Saturday 7am to 10pm: 55dB LAeq
- b. Sunday 9am to 6pm: 55dB LAeq
- c. All other times 45 dB LAeq, 75 dB LAFmax

Noise limits do not apply to noise from school sports and school recreational activities occurring between 8am and 6pm Monday to Saturday. Noise levels shall be measured and assessed in accordance with NZS 6801:2008 "Measurement of Environmental Sound" and NZS 6802:2008 "Environmental Noise". Noise from construction shall not exceed the limits recommended in, and shall be measured in accordance with, New Zealand Standards NZS 6803:1999 "Acoustics – Construction Noise".

3. That an outline plan shall not be required for: a) Any internal building works other than those that result in a net increase in the number of classrooms or classroom equivalents; b) General building maintenance and repair work including but not limited to re-painting, re-cladding and re-roofing; c) Installing, modifying and removing playground furniture and sports structures (e.g. goal posts); d) Amending any internal pedestrian circulation routes/pathways; e) Installing, maintaining or repairing any in ground infrastructure services such as stormwater, sewerage and water lines and connections, including any ancillary earthworks; f) Provision of landscaping and gardens, provided that it does not conflict with any designation condition or alter landscaping required as mitigation as part of an outline plan for other works; or g) General site maintenance and repair work, or boundary fencing otherwise permitted by the Whangarei District Plan.

Conditions

1. Any new building or external building alteration (excluding goal posts and similar structures) shall comply with the height in relation to boundary controls for any adjoining land zoned primarily for a residential purpose, Rural Living Environment, Rural Village Environment or is zoned for an open space/outdoor recreation purpose.

2. The noise (rating) level arising from the operation of the school must comply with the following noise levels when measured within the boundary of any residentially zoned site, a Rural Village Environment site, a Rural Living site or within the notional boundary of any site in the Rural Countryside Environment:

a. Monday to Saturday 7am to 10pm: 55dB LAeq

b. Sunday 9am to 6pm: 55dB LAeq

c. All other times 45 dB LAeq, 75 dB LAFmax

Noise limits do not apply to noise from school sports and school recreational activities occurring between 8am and 6pm Monday to Saturday. Noise levels shall be measured and assessed in accordance with NZS 6801:2008 “Measurement of Environmental Sound” and NZS 6802:2008 “Environmental Noise”. Noise from construction shall not exceed the limits recommended in, and shall be measured in accordance with, New Zealand Standards NZS 6803:1999 “Acoustics – Construction Noise”.

3. That an outline plan shall not be required for: a) Any internal building works other than those that result in a net increase in the number of classrooms or classroom equivalents; b) General building maintenance and repair work including but not limited to re-painting, re-cladding and re-roofing; c) Installing, modifying and removing playground furniture and sports structures (e.g. goal posts); d) Amending any internal pedestrian circulation routes/pathways; e) Installing, maintaining or repairing any in ground infrastructure services such as stormwater, sewerage and water lines and connections, including any ancillary earthworks; f) Provision of landscaping and gardens, provided that it does not conflict with any designation condition or alter landscaping required as mitigation as part of an outline plan for other works; or g) General site maintenance and repair work, or boundary fencing otherwise permitted by the Whangarei District Plan.

Lapse date	Given effect
Designation hierarchy under section 177 of the Resource Management Act 1991	Primary
Conditions	<p>1. Any new building or building extension (excluding goal posts and similar structures) shall comply with the height in relation to boundary controls from any adjoining land zoned primarily for a residential purpose, or for an open space/outdoor recreation purpose, and shall include the Urban Transition Zone.</p> <p>2. The noise (rating) level arising from the operation of the school must comply with the following noise levels when measured within the boundary of any residentially zoned site, or within the notional boundary of any site in any rural zone:</p> <ol style="list-style-type: none"> <li>a. Monday to Saturday 7am to 10pm: 55dB LAeq</li> <li>b. Sunday 9am to 6pm: 55dB LAeq</li> <li>c. All other times 45 dB LAeq, 75 dB LAFmax</li> </ol> <p>Noise limits do not apply to noise from school sports and school recreational activities occurring between 8am and 6pm Monday to Saturday. Noise levels shall be measured and assessed in accordance with NZS 6801:2008 “Measurement of Environmental Sound” and NZS 6802:2008 “Environmental Noise”. Noise from construction shall not exceed the limits recommended in, and shall be measured in accordance with, New Zealand Standards NZS 6803:1999 “Acoustics – Construction Noise”.</p> <p>3. That an outline plan shall not be required for: a. Any internal building works other than those that result in a net increase in the number of classrooms or classroom equivalents; b. General building maintenance and repair work including but not limited to re-painting, recladding and re-roofing; c. Installing, modifying and removing playground furniture and sports structures (e.g. goal posts); d. Amending any internal pedestrian circulation routes/pathways; e. Installing, maintaining or repairing any in ground private infrastructure services such as stormwater, sewerage and water lines and connections, including any ancillary earthworks; f. Provision of landscaping and gardens, provided that, it does not conflict with any designation condition or alter landscaping required as mitigation as part of an outline plan for other works; or g. General site maintenance and repair work, or boundary fencing otherwise permitted by the Whangarei District Plan.</p>

4. The right of way access from Taylor Road shall be used for maintenance and construction access only, unless otherwise agreed with Whangarei District Council's Rooding Manager or delegated representative.

5. The existing vehicle access to Excellere College on State Highway 1 (CP79A) shall not be used by more than 10 vehicle movements per day.

6. When an outline plan is submitted to enable a school roll capacity of a total of 360 or more students, the outline plan shall be accompanied by an Integrated Transport Assessment prepared by an appropriately qualified engineer and/or transportation planner. The assessment shall be prepared in general accordance with the guidance for Integrated Transport Assessments provided within the Transport Chapter of the Whangarei District Plan (TRA-REQ2).

Whangarei District Council's Rooding Manager or delegated representative shall review and certify that the Integrated Transport Assessment, at a minimum, details the following:

a. The suitability of the access to the school premises from Great North Road having specific regard to the requirements of Whangarei District Council's Environmental Engineering Standards;

b. The appropriateness of school transport infrastructure, including accesses, staff and visitor car parking, cycle parking, pick up and drop off points, loading areas, and manoeuvring areas to provide for the safe and efficient movement of pedestrians, cyclists, private vehicles, and busses;

c. An evaluation of the effects of school activities on the surrounding transport network, particularly those on Great North Road, State Highway 1 (including the intersection between Great North Road and State Highway 1) and the surrounding rooding network, including the identification of any necessary traffic safety avoidance and mitigation measures required; and

d. Design details of any required upgrade works, including staging and timing of those upgrades, having particular regard to those identified within the Traffic Effects Assessment prepared by Engineering Outcomes, dated 22 November 2018 provided in support of RQ1900003, and activities other than the school that use the same access and/or crossing as the school (including subdivision(s)).

Further Integrated Transport Assessments shall be submitted with Outline Plans to enable further school roll capacity increases in 100 student increments.

7. A Travel Plan shall be prepared by an appropriately qualified person and be submitted with the first Outline Plan.

The assessment shall be prepared in consultation with Whangarei District Council’s Rooding Manager or delegated representative and shall be for the purpose of ensuring the safe and efficient movement of people and vehicles to, from, and within the school grounds. The Travel Plan shall also specifically address the following matters: a. Any measures proposed to reduce dependence on private vehicles, including encouraging and providing for the use of private and public bus systems, car-pooling, walking and cycling; b. Safe access to the entry points to the school, including the location of any bus pick up and drop off points; and c. Measures to separate vehicle entry and pedestrian/cyclist entries. The Travel Plan shall include details of any monitoring, required, to be agreed in consultation with Whangarei District Council’s Rooding Department. This Plan shall be reviewed and updated as required at the time of submitting each subsequent Outline Plan relating to student or staff roll increases in consultation with Whangarei District Council’s Rooding Manager or delegated representative.
