

# Open Space Zone (OSZ)

## Issues

The Open Space Zone (OSZ) applies to small to medium sized local parks which are used for a variety of outdoor informal recreational activities and community uses, such as walking, running, cycling, relaxing and socialising, picnics, playing and enjoying the [environment](#).

Generally the Open Space Zone is characterised by limited [buildings](#) and structures that support the enjoyment of the public open space, such as barbeques and picnic facilities, playgrounds, skate parks, informal hard courts, shelters, toilet and changing facilities, and small-scale community [buildings](#).

The Open Space Zone consists of the following New Zealand Reserve Association Park Categories:

- Neighbourhood Parks.
- Managed Recreation and Ecological Linkages.
- Managed Natural Park Areas.

Limiting built development and activities that are not based on recreational or community use will help to maintain the open space character and [amenity value](#), and enable opportunities for a range of informal recreational activities to occur.

The capacity of [land](#) for passive recreational use should be carefully monitored. Additional [land](#) may be required over the next 10 years to provide for future population needs.

## Objectives

OSZ-O1 – Informal Recreation	Provide for accessible quality public open spaces for informal recreation and small-scale community uses.
OSZ-O2 – Values	Protect the amenity, cultural, historic and natural values of the Open Space Zone.
OSZ-O3 – Kauri dieback disease	Avoid the spread of plant pathogens including <i>Phytophthora Agathidicida</i> (kauri dieback disease).

## Policies

OSZ-P1 – Providing for Community	To provide for a variety of accessible informal recreational activities and small-scale community uses while mitigating any potential adverse <a href="#">effects</a> on neighbouring residents, the community and the <a href="#">environment</a> .
OSZ-P2 – Building and Structures	To limit the location, scale and design of <a href="#">buildings</a> and structures to complement the natural, historic, cultural and recreational values and function of the Open Space Zone.
OSZ-P3 – Protection	To protect the natural, cultural, historic and recreational values of the Open Space Zone by avoiding activities that are not recreational or small scale <a href="#">community activities</a> .
OSZ-P4 – Non-Recreation Activities	To manage non-recreation activities by ensuring that they: <ol style="list-style-type: none"> <li>1. Are not likely to generate <a href="#">reverse sensitivity effects</a>.</li> <li>2. Support, or are compatible with, the recreation, education and place of assembly activities within the zone.</li> </ol>

# Open Space Zone (OSZ)

	3. Ensure that the natural, cultural, heritage and recreational values are not compromised by the nature, scale and design of activities and <u>buildings</u> .
OSZ-P5 – Subdivision	To avoid the fragmentation of Open Space Zone <u>land</u> where <u>subdivision</u> design and layout would not protect high natural, cultural, heritage and recreational values.
OSZ-P6 – Kauri dieback disease	To discourage <u>vegetation clearance</u> within the vicinity of New Zealand Kauri tree ( <i>Agathis Australis</i> ) and to ensure that <u>vegetation clearance</u> is undertaken in a way to avoid the spread of plant pathogens including <i>Phytophthora Agathidicida</i> (Kauri Dieback Disease).

## Rules

<b>OSZ-R1</b>	<b>Any Activity Not Otherwise Listed in This Chapter</b>	
	Activity Status: Permitted	
	Where:	
	<ol style="list-style-type: none"> <li>1. Resource consent is not required under any rule of the District Plan.</li> <li>2. The activity is not prohibited under any rule of the District Plan.</li> </ol>	
<b>OSZ-R2</b>	<b>Any Activity</b>	
	Activity Status: Permitted	
	Where:	
	<ol style="list-style-type: none"> <li>1. The activity is in accordance with Section 4(3) of the RMA 1991.</li> </ol>	
<b>OSZ-R3</b>	<b>Minor Buildings</b>	
	Activity Status: Permitted	
	Note:	
	<ol style="list-style-type: none"> <li>1. <u>Minor buildings</u> are exempt from rules OSZ-R4 – R7.</li> </ol>	
<b>OSZ-R4</b>	<b>Building and Major Structure Height</b>	
	Activity Status: Permitted	Activity Status when compliance not achieved: Discretionary
	Where:	
	<ol style="list-style-type: none"> <li>1. The maximum <u>building height</u> and <u>major structure height</u> is 8m above <u>ground level</u>, excluding floodlights which have a maximum <u>height</u> of 18.5m above <u>ground level</u>.</li> </ol>	
<b>OSZ-R5</b>	<b>Building and Major Structure Setbacks</b>	
	Activity Status: Permitted	Activity Status when compliance not

# Open Space Zone (OSZ)

<p>Where:</p> <ol style="list-style-type: none"> <li>All <b>buildings</b> and major structures comply with the minimum <b>building</b> and <b>major structure setback</b> rule of the adjoining zone closest to the <b>building</b> or <b>major structure</b>.</li> <li>All <b>buildings</b> or major structures are set back at least 27m from Mean High Water Springs or the top of the bank of any <b>river</b> that has a width exceeding 3m (excluding bridges, culverts and fences).</li> </ol> <p><i>Rule Exemption:</i></p> <ol style="list-style-type: none"> <li>OSZ-R5.1 does not apply where the adjoining zone is an Open Space and Recreation Zone.</li> </ol>	<p>achieved: Discretionary</p>
--	------------------------------------

Insert new rule [000131].

OSZ-R6	Building and Major Structure Height in Relation to Boundary	
	<p>Activity Status: Permitted</p> <p>Where:</p> <ol style="list-style-type: none"> <li>All <b>buildings</b> and major structures comply with the minimum <b>height in relation to boundary</b> rule of the adjoining zone closest to the <b>building</b> or <b>major structure</b>.</li> </ol> <p><i>Rule Exemption:</i></p> <ol style="list-style-type: none"> <li>OSZ-R6 does not apply where the adjoining zone is an Open Space and Recreation Zone.</li> </ol>	<p>Activity Status when compliance not achieved: Discretionary</p>
OSZ-R7	Building Coverage	
	<p>Activity Status: Permitted</p> <p>Where:</p> <ol style="list-style-type: none"> <li>The coverage of all <b>buildings</b> does not exceed 500m<sup>2</sup> or 15% of the <b>net site area</b> whichever is the lesser.</li> </ol>	<p>Activity Status when compliance not achieved: Discretionary</p>
OSZ-R8	Outdoor Areas of Storage or Stockpiles	
	<p>Activity Status: Permitted</p> <p>Where:</p> <ol style="list-style-type: none"> <li>The outdoor area of <b>storage</b> or stockpile:               <ol style="list-style-type: none"> <li>Complies with rules OSZ-R4 – R6.</li> <li>Is screened from view from adjacent public places and surrounding Local Centre, <b>Mixed Use</b>, Residential or Open Space and Recreation Zones, except for construction materials for a</li> </ol> </li> </ol>	<p>Activity Status when compliance not achieved: Discretionary</p>
