

Strategic Rural Industries Zone (SRIZ)

Issues

The [Strategic Rural Industries](#) Zone (SRIZ) recognises and provides for the retention and managed expansion of several established industries of strategic significance located in the [rural areas](#) of the District, being:

- Fonterra Milk Processing site at Kauri and Ancillary Irrigation Farms.
- Croft Timber Mill at Kauri.
- Cement Works at Portland.

[Strategic Rural Industries](#) are [industrial activities](#) that require a rural location due to specific operational requirements including [infrastructure](#) demands and proximity to resources (such as [minerals](#) and transport links) and the availability of suitable [land](#). They are strategic because, in addition to their significance in terms of providing essential employment and services to the District, they may also be of regional or national importance due to their functions, the area served, the investment in [infrastructure](#) required for the establishment or on-going development of the activity, or their contribution to the economy.

Due to their strategic importance, it is important that [Strategic Rural Industries](#) are encouraged to continue to operate and develop, while acknowledging the potential for such industries to impact on surrounding rural activities due to the scale of their operations and nature of [effects](#).

The term '[Strategic Rural Industries](#)' is applied specifically in the District Plan to the [Strategic Rural Industries](#) Zone and does not include strategic industries located within the [urban areas](#) of the District and/or within other zones with existing specialised industrial functions (e.g. the Port Zone and the Marsden Point Energy Precinct).

It is anticipated that the [Strategic Rural Industries](#) Zone could be extended over time to other rural locations elsewhere in the District by way of plan changes to accommodate additional [Strategic Rural Industries](#).

The [Strategic Rural Industries](#) Zone primarily provides for [Strategic Rural Industries](#). Complementary [commercial activities](#) and [industrial activities](#) that do not compromise the functioning of existing [Strategic Rural Industries](#) may be appropriate.

Note:

1. *Commercial quarries and [mineral extraction](#) activities will in future be assessed as [Mineral Extraction](#) Areas.*

Objectives

SRIZ-O1 – Economic Development	Recognise the contribution established Strategic Rural Industries make to the vitality and economic viability of the District.
SRIZ-O2 – Appropriate Locations	Provide for the establishment and operation of Strategic Rural Industries in appropriate locations within the rural area .
SRIZ-O3 – Management Framework	Promote a flexible and targeted management framework for existing and/or prospective Strategic Rural Industries .

Strategic Rural Industries Zone (SRIZ)

SRIZ-O4 – Amenity

Maintain rural amenity and avoid [reverse sensitivity effects](#) in the vicinity of [Strategic Rural Industries](#).

Policies

SRIZ-P1 – Manage Effects	To provide for and manage the effects of Strategic Rural Industries by identifying them as within the Strategic Rural Industries Zone.
SRIZ-P2 – Operation and Expansion	To provide for the ongoing operation and expansion of Strategic Rural Industries where adverse effects can be avoided, remedied or mitigated.
SRIZ-P3 – Avoid Fragmentation	To avoid fragmentation of Strategic Rural Industry Areas associated with further subdivision .
SRIZ-P4 – Reverse Sensitivity	To avoid potential reverse sensitivity effects from sensitive activities within Strategic Rural Industry Areas.
SRIZ-P5 – Incompatible Activities	To manage land use conflicts by ensuring that activities that are incompatible with the effects of Mineral Extraction Activities are not established within the Portland Strategic Rural Industries Zone.
SRIZ-P6 – Complementary Activities	To provide for complementary commercial activities and industrial activities where they do not compromise the functioning of existing Strategic Rural Industries .

Rules

SRIZ-R1	Any Activity
Fonterra Kauri Milk Processing Site SRIZ Ancillary – Irrigation Farms	1. Subject to SRIZ-R7, the provisions of the Rural Production Zone apply to the Fonterra Kauri Milk Processing Site SRIZ – Ancillary Irrigation Farms.
SRIZ-R2	Any Activity Not Otherwise Listed in This Chapter
All SRIZ Areas	Activity Status: Permitted Where: 1. Resource consent is not required under any rule of the District Plan. 2. The activity is not prohibited under any rule of the District Plan.

Strategic Rural Industries Zone (SRIZ)

SRIZ-R3	Minor Buildings	
All SRIZ Areas	Activity Status: Permitted Note: 1. <u>Minor buildings</u> are exempt from rules SRIZ-R4 – R6.	
SRIZ-R4	Building and Major Structure Height	
Fonterra Kauri Milk Processing Site SRIZ Area	Activity Status: Permitted Where: 1. The maximum <u>building height</u> and <u>major structure height</u> is 20m above <u>ground level</u> , or is a boiler, silo, drier or evaporation plant with a maximum <u>height</u> of 65m above <u>ground level</u> , including any associated stacks.	Activity Status when compliance not achieved: Discretionary
Portland SRIZ Area	Activity Status: Permitted Where: 2. The maximum <u>building height</u> and <u>major structure height</u> is 20m above <u>ground level</u> ; or if part of the rock crusher, or utilised for the production of cement, the maximum <u>height</u> is 66m above <u>ground level</u> .	
Croft Poles SRIZ Area	Activity Status: Permitted Where: 3. The maximum <u>building height</u> and <u>major structure height</u> is 20m above <u>ground level</u> .
