24 October 2019

Dear Ms Edwardson

**HEARINGS ON PROPOSED PLAN CHANGE PC8888 – DISTRICT PLAN; URBAN AND SERVICES**

1. I act for Carter Holt Harvey Building Products Ltd which made a submission on the above proposed plan change.
2. The company's submission (213.1) related to their sites located at the Base Mill, Lot 2 DP 208563. A copy of their submission seeking that the Heavy Industry and Rural Production zonings on their land be retained as proposed by the plan change, is **attached**.
3. The section 42A report has recommended that the submission should be accepted, with those zonings confirmed.
4. The purpose of this letter is to advise that my client supports the recommendation in the s42A report. As it does not appear that there is any opposition to the zoning, my client does not wish to be represented at the hearing, but asks that a copy of this letter be tabled for the consideration of the hearings commissioners.

Yours faithfully

Gill Chappell

cc. Denver Simpson, General Counsel, Carter Holt Harvey Building Products Ltd:
